a note from WILSHIRE GARDENS
to you, our customer:

We don't want all the bulb business in the country this fall -- we do, however, especially want yours. And we'll give you the best service possible.

We have been going thru a re-adjustment period here at Wilshire Gardens since the Korean war--what with high production and marketing costs, low competitive prices and labor shortage. We believe now, however, that the worst is over and we can return to normal.

Our color catalog lists many varieties of Holland tulips - and Holland tulips can't be beat. The memiographed list attached is of our own Northwest grown Daffodils, DeGraaff Lilies, Daylilies and other bulbs. They can't be beat either.

It will be our very great pleasure to serve you in every way possible. We will hope to hear from you soon. and may we thank you for all your past orders and for your very kind notes of praise for our bulbs.
